- IAM

PROFILE

Dedicated and passionate Computer Science Student with a strong desire to succeed in the fast-paced field of technology. I have recently graduated from the University of Central Punjab. My areas of interest include Microsoft Azure, DevOps, AWS and cloud computing

WORK EXPERIENCE

Final Year Project

Web Application

- Managed team meetings and project goals.
- Defined the responsibilities, roles, and duties of each team member.
- Collaborated with team members to develop, identify and accomplish assigned goals and objectives.
- Designed and developed forward-thinking system that meet user needs and improve productivity.

Center Testing Services

Cloud Engineer

- IAM applied best practices, including disabling unused credentials and enforcing strong password policies.
- Configured MFA to enhance security for both client and organizational accounts.
- Provided technical support for IAM-related issues, resolving access conflicts and permission errors.
- Conducted regular audits of IAM activities and generated compliance reports for stakeholders.
- Enforced the least privilege of access by designing custom-managed policies and auditing their application.

CERTIFICATIONS

- AZ-104: Azure Administrator Associate
- SC-300: Identity and Access Management Associate
- AWS: Certified Cloud Practitioner
- MS-900: Fundamentals
